MarathonMasters has already achieved Distinguished Club status, which required achieving 5 out of 10 points. The club is shooting to end the TI fiscal year with at least 9 or 10 points, which would entitle us to President's Distinguished Club status. **MarathonMasters** needs at least 4 additional members to qualify for these DCP points. **MarathonMasters** is going the extra mile to obtain these additional members by June 30, which would also help our Area 74 to achieve Select Distinguished Area status.

A Note from Area 74

Fellow **MarathonMasters**,

This year District 22 is working to achieve all the DCP goal for all the clubs by 1st of May 2010. You might say why do I need to know this? The reason is that you are all salient in achieving the success of this goal. For the the club to achieve any of its goal it starts with you. If you achieve your individual goal, the club is then one step closer to reaching the DCP goal. Therefore, if you have planned to complete your CC manual, please let the officers know if there is anything we can do to help you achieve your CC, CL and AC and so forth.

MarathonMasters is a fun club. I personally look forward to coming to the meetings on Thursday! I am sure you all feel the same way about our club. This year we are low on membership. Lets collectively work hard on bringing guests to the meetings and let them whiteness our Thursday meetings. We have already achieved 5 points for the year and are much closer to the finish line and it is only March!! Let's work hard to make the rest of the points by May 1st of 2010.

Helen Gebre-Amlak

Our Club Mission is a statement of shared values...

Every Toastmasters club shares the same mission, clearly defined in the following mission statement:

The mission of a Toastmasters club is to provide a mutually supportive and positive learning environment in which every individual member has the opportunity to develop oral communication and leadership skills, which in turn foster self-confidence and personal growth.

Through this mission, each Toastmaster gains a clear understanding of the club's purpose, and the organization as a whole benefits from a shared set of values and goals.
